Executive Summary

OVERALL RISK ANALYSIS

High risk

Confidence: Medium

Do not present this renewal as like-for-like. Premium is \$3,500 lower, but the renewal moves to a surplus lines carrier, drops Commercial Property, advances the retro date to inception and removes three contract-required endorsements. **10 critical changes** need action before the 03/01/2026 expiry.

Confidence is Medium because Commercial Property may be quoted separately and one renewal page was scanned.

3 Policy Information

SECTION SUMMARY

New carrier, new market status and a dropped coverage part - this is a re-marketed placement, not a like-for-like renewal.

- 11 h 59 min gap between expiry and inception.
- Commercial Property is not part of the renewal.
- Renewal is non-admitted (surplus lines).

RISK ANALYSIS

 **High risk**

Three structural changes alter who insures the client, what is insured and when cover starts.

Confidence: High. All values read from digital declarations and schedules (E1 p.1-2, R1 p.1-2).

ELEMENT	EXPIRING	RENEWAL	CHANGE / ASSESSMENT
Named Insured	Summit Ridge Builders, Inc. E1 p.1	Summit Ridge Builders Inc R1 p.1	No change
Policy period continuity	Expires 03/01/2026 E1 p.1	Incepts 03/01/2026 R1 p.1	Gap of 11 h 59 min ▼ Reduced  Critical
Why it matters: The renewal starts 11 h 59 min after the expiring policy ends, so there is no coverage in between.			
Coverage parts (lines of business)	Commercial Property, General Liability E1 p.2	General Liability R1 p.2	Dropped: Commercial Property ▼ Reduced  Critical
Why it matters: Commercial Property appears on the expiring policy but not in the renewal documents. Either the coverage part is not being renewed (the client needs replacement cover or written notice) or it is quoted separately - confirm before the expiration date.			
Admitted / surplus lines status	No surplus lines wording found	Non-admitted (surplus lines) R1 p.1	Now non-admitted ▼ Reduced  High
Why it matters: A non-admitted (surplus lines) policy is not backed by the state guaranty fund, carries surplus lines tax and filing duties, and may need diligent-effort documentation.			
Insurer	Keystone Casualty Company E1 p.1	Granite Specialty Insurance Company R1 p.1	Keystone Casualty → Granite Specialty ? Confirm  Medium
Why it matters: Insurer changed. Confirm AM Best rating, reissue certificates of insurance and compare full policy forms - carrier-specific forms often differ from ISO wording.

Premium and Financial Terms

SECTION SUMMARY

Premium falls 11% (\$3,500), but a new \$5,000 liability SIR shifts part of that saving back to the client.

- Expiring was +\$2,150 higher after mid-term changes.
- Property deductible not restated on the renewal.
- Wind / Hail deductible not shown on either declarations page.

3 items compared

▼ 1

? 1

= 1

🛡️ RISK ANALYSIS

Medium risk

The saving is real but partly offset by retained risk and reduced cover elsewhere in the report.

Confidence: Medium.

Premium is clearly stated; deductibles may sit in forms rather than declarations, so absences are unconfirmed.

Premium

ELEMENT	EXPIRING	RENEWAL	CHANGE / ASSESSMENT
Total Premium	\$31,400 E1 p.1	\$27,900 R1 p.1	Decreased \$3,500 (–11.1%) = No impact Low
Why it matters: Informational. Mid-term adjustments on the expiring policy added +\$2,150 (Endorsement No. 2, eff. 09/15/2025, E1 p.6); the expiring figure is the annual declarations premium before those adjustments.			

Deductibles and retentions

ELEMENT	EXPIRING	RENEWAL	CHANGE / ASSESSMENT
Liability Deductible / SIR	None E1 p.1	\$5,000 R1 p.1	None → \$5,000 ▼ Reduced High
Why it matters: The insured now retains the first \$5,000 of every liability loss. Part of the premium saving is transferred back to the client as retained risk.			
All Other Perils Deductible	\$2,500 E1 p.1	—	Not found in renewal ? Confirm Medium
Why it matters: All Other Perils Deductible was found in the prior documents (\$2,500) but not in the renewal. Either it was removed or the renewal states it differently – check the renewal.			

Not shown on either declarations page (may be set by the policy forms): Wind / Hail Deductible.

5

Limits and Sub-limits

SECTION SUMMARY

Per-occurrence limit is halved and products-completed operations is excluded; the aggregate increase does not compensate.

- Each Occurrence \$2M → \$1M (mid-term increase lost).
- Fire legal liability removed.
- Building / BPP limits absent with the property part.

🛡️ RISK ANALYSIS

High risk

Two critical limit reductions hit the contractor's main liability exposure.

Confidence: Medium.

Liability limits are clear; property limits may be quoted separately. Business Income / Extra Expense not shown on either policy.

LIMIT	EXPIRING	RENEWAL	CHANGE / ASSESSMENT
Each Occurrence Limit	\$2,000,000 E1 p.6	\$1,000,000 R1 p.1	Decreased \$1,000,000 (~50%) ▼ Reduced Critical
AMENDED MID-TERM			
Why it matters: The limit caps what the insurer pays per claim; halving it leaves materially more uninsured exposure. The expiring \$2M was set by a mid-term endorsement that the renewal did not carry forward.			
Products - Completed Operations Aggregate	Included E1 p.1	Excluded R1 p.1	Included → Excluded ▼ Reduced Critical
Why it matters: For a contractor, completed-operations claims are a core exposure. The coverage is no longer provided - a significant narrowing.			
Damage to Premises Rented / Fire Legal Liability	\$100,000 E1 p.1	None R1 p.1	\$100,000 → None ▼ Reduced High
Why it matters: Fire damage to rented premises is no longer covered.			
General Aggregate Limit	\$2,000,000 E1 p.1	\$3,000,000 R1 p.1	Increased \$1,000,000 (+50%) ▲ Improved Medium
Why it matters: More total capacity across the policy year - partly offset by the lower per-occurrence limit.			
Medical Expense (any one person)	\$5,000 E1 p.1	\$10,000 R1 p.1	Increased \$5,000 (+100%) ▲ Improved Low
Why it matters: Higher no-fault medical payments to injured third parties.			
Personal & Advertising Injury	\$1,000,000 E1 p.1	\$1,000,000 R1 p.1	No change
Building Limit	\$1,800,000 E1 p.1	—	Not found in renewal ? Confirm High
Why it matters: Building Limit was found in the prior documents (\$1,800,000) but not in the renewal. Either it was removed or the renewal states it differently - check the renewal.			
Business Personal Property	\$400,000 E1 p.1	—	Not found in renewal ? Confirm High
Why it matters: Business Personal Property was found in the prior documents (\$400,000) but not in the renewal. Either it was removed or the renewal states it differently - check the renewal.			

Not shown on either declarations page: Business Income / Extra Expense.

Coverage Terms and Conditions

SECTION SUMMARY

Retro date advanced to inception removes prior-acts cover; terrorism is rejected and notice of cancellation is cut to 10 days.

- Loss of seven years of prior acts.
- TRIA rejection needs a signed client form.
- Valuation, coinsurance and causes of loss not restated.

6 items compared

? 3

🛡️ RISK ANALYSIS

High risk

The retro change is one of the most consequential findings for a claims-made contractor policy.

Confidence: Medium. R1 includes one scanned page; property terms could not be located and are pending confirmation.

TERM	EXPIRING	RENEWAL	CHANGE / ASSESSMENT
Coverage Trigger	Claims - Made E1 p.1	Claims - Made R1 p.1	No change

TERM	EXPIRING	RENEWAL	CHANGE / ASSESSMENT
Retroactive Date	01/01/2019 E1 p.1	03/01/2026 R1 p.1	Advanced 01/01/2019 → 03/01/2026 ▼ Reduced High Critical
Why it matters: Incidents before 03/01/2026 that have not yet been claimed are no longer covered (loss of prior acts). Request the expiring retro date or price an extended reporting period.			
Terrorism (TRIA) election / premium	\$310 (accepted) E1 p.1	Rejected R1 p.1	Accepted → Rejected ▼ Reduced High
Why it matters: Terrorism cover is removed. The election is a documented client decision; a signed rejection must be on file.			
Notice of Cancellation	30 days E1 p.3	10 days R1 p.3	Decreased 30 → 10 days ▼ Reduced High
Why it matters: Less time for the insured, lenders and certificate holders to arrange replacement cover - check contract and lender requirements.			
Valuation	Replacement Cost E1 p.1	—	Not found in renewal ? Confirm Medium
Why it matters: Valuation was found in the prior documents (Replacement Cost) but not in the renewal. Either it was removed or the renewal states it differently - check the renewal.			
Coinurance	80% E1 p.1	—	Not found in renewal ? Confirm Medium
Why it matters: Coinurance was found in the prior documents (80%) but not in the renewal. Either it was removed or the renewal states it differently - check the renewal.			
Causes of Loss Form	Special E1 p.1	—	Not found in renewal ? Confirm Medium
Why it matters: Causes of Loss Form was found in the prior documents (Special) but not in the renewal. Either it was removed or the renewal states it differently - check the renewal.

7 Endorsements and Forms

SECTION SUMMARY

Five forms removed and one restrictive exclusion added; three removals breach typical construction contract requirements.

- 1 added · 5 removed · 1 edition change · 2 wording changes.
- CG 20 01, CG 20 37 and CG 25 03 are gone.
- Silica exclusion wording appears broader.

ⓘ RISK ANALYSIS

High risk

Lost contract-required forms create both coverage gaps and certificate-of-insurance exposure.

Confidence: Medium. Form numbers matched on schedules with high certainty; the silica and CG 20 10 wording effects need a full-form read.

Forms removed on expiring, not on renewal

FORM	EXPIRING	RENEWAL	EFFECT
CG 20 01 — Primary and Noncontributory - Other Insurance Condition	CG 20 01 04/13 E1 p.2	Not on policy	Removed at renewal ▼ Reduced ■ Critical
What it does: Makes coverage for qualifying additional insureds primary and noncontributory, often required by contracts.			
CG 20 37 — Additional Insured - Owners, Lessees or Contractors - Completed Operations	CG 20 37 04/13 E1 p.2	Not on policy	Removed at renewal ▼ Reduced ■ Critical
What it does: Extends additional insured status to completed operations; frequently required by construction contracts.			
CG 25 03 — Designated Construction Project(s) General Aggregate Limit	CG 25 03 05/09 E1 p.2	Not on policy	Removed at renewal ▼ Reduced ■ Critical
What it does: Applies a separate general aggregate limit to each designated construction project.			
CP 00 10 — Building and Personal Property Coverage Form	CP 00 10 10/12 E1 p.2	Not on policy	Removed at renewal ? Confirm ■ High
What it does: Core commercial property coverage form for buildings and business personal property.			
CP 10 30 — Causes of Loss - Special Form	CP 10 30 10/12 E1 p.2	Not on policy	Removed at renewal ? Confirm ■ High
What it does: Open-peril ('all risk') property coverage subject to listed exclusions; the broadest standard form.			

Forms added new on renewal

FORM	EXPIRING	RENEWAL	EFFECT
CG 21 47 — Employment-Related Practices Exclusion	Not on policy	CG 21 47 12/07 R1 p.2	Added on renewal ▼ Reduced ■ High
What it does: Excludes injury arising from employment practices (wrongful termination, harassment, discrimination).			

Edition changes

FORM	EXPIRING	RENEWAL	EFFECT
CG 20 10 — Additional Insured - Owners, Lessees or Contractors - Scheduled Person or Organization	CG 20 10 04/13 E1 p.2	CG 20 10 12/19 R1 p.2	Edition 04/13 → 12/19 ? Confirm ■ Medium
What it does: Adds scheduled parties as additional insureds for ongoing operations. Newer editions can narrow AI status to "required by written contract" and to the limits the contract requires.			

Wording changes same form, different text

FORM	EXPIRING	RENEWAL	EFFECT
Endorsement No. 3 - Silica and Respirable Dust Exclusion	Present E1 p.5	Present R1 p.5	"except where" → "whether or not" ? Confirm ■ High
Wording: expiring "except where" E1 p.5 → renewal "whether or not" R1 p.5 . The change in conjunction likely removes a carve-back, broadening the exclusion - a client focus area.			

FORM	EXPIRING	RENEWAL	EFFECT
IL 00 17 — Common Policy Conditions	IL 00 17 11/98 E1 p.4	IL 00 17 11/98 R1 p.4	"30" → "10" ? Confirm Medium
Wording: expiring "30" E1 p.4 → renewal "10" R1 p.4 - the notice-of-cancellation reduction in Section 6.			
Forms unchanged: CG 00 02 04/13 R1 p.2, CG 24 04 05/09 R1 p.2.

Mid-term Changes on the Expiring Policy

SECTION SUMMARY

The September 2025 limit increase was applied to the expiring policy but not carried into the renewal.

Expiring column reflects the policy as amended.

1 change applied; none superseded.

2 items compared ▼ 1 ? 1

🛡️ RISK ANALYSIS

High risk

Clients often assume mid-term increases persist; this one silently lapses at renewal.

Confidence: Medium. Endorsement No. 2 references a form (CG 21 53) that is not on the policy.

The expiring column in this report is the policy as amended by these changes, applied in effective-date order.

STEP	EXPIRING VALUE	RENEWAL	RESULT
Each Occurrence Limit — Declarations	\$1,000,000 E1 p.1		Stated on Declarations (page 1)
Policy change · Endorsement No. 2 · eff. 09/15/2025	\$2,000,000 E1 p.6	\$1,000,000 R1 p.1	Mid-term change not carried into renewal ▼ Reduced Critical
Why it matters: The renewal reverts to the original declarations. Carriers often build renewals from the original policy rather than the endorsed policy - ask the underwriter to carry the change forward.			
Policy change · Endorsement No. 2 · eff. 09/15/2025	Deleted CG 21 53 E1 p.6		Applied - but CG 21 53 01/96 was not found on the policy ? Confirm Low
Why it matters: Deletion references a form that was never scheduled; confirm with the expiring carrier that no other form was intended.			

9

Contract Requirements and Broker Checklist
