

Derek P Halstead Construction - Contractors Special Policy Renewal Comparison

1. Executive Summary

1.1 Client Information

- **Named Insured:** DEREK P HALSTEAD CONSTRUCTION CO INC
- **Current Policy:** Utica First Insurance Company | Policy #ART3000742185 | 09/24/2025 – 09/24/2026
- **Renewal Policy:** Utica First Insurance Company | Policy #ART3000742185 | 09/24/2026 – 09/24/2027
- **Coverage Type:** Contractors Special Policy (Commercial General Liability, Commercial Property, Contractors Inland Marine/Toolbox) — Class: Carpentry NOC

1.2 Overview

This is a straight anniversary renewal of the same policy number with no change to premium, limits, deductibles, or coverage grants. The annual premium holds at \$1,879.00 and all liability, property, and toolbox limits carry over unchanged. The only substantive differences are in the forms inventory: two forms present on the expiring policy — **CP 382 NY Anti-Arson Amendment** and the **DNCANY Communicable Disease Important Notice** — do not appear on the renewal. No new exclusions or coverages were added. No policy period errors were found (clean anniversary renewal).

Note: Fire Legal Liability shows \$250,000 on the declarations and is extended to \$100,000 under the Toolbox endorsement (Coverage O) on both sides — unchanged year-over-year.

5. Coverages

No material changes. All coverage grants (Coverages L, M, N, O, P; Toolbox inland marine coverages; Snow Removal Operations Coverage limited to 1–4 family residences; Blanket Additional Insured; Primary & Noncontributory) are identical on both sides.

6. Exclusions

No material changes to coverage-form exclusions. The full slate of exclusion endorsements (Silica, Water Damage, War/Military, Virus or Bacteria, Lead/Asbestos, EIFS, Certified Act of Terrorism, Information Distribution/Recording Violations, Roofing Operations, Commercial Spray Painting, Explosion/Collapse/Underground, Snow Removal Operations, Exclusion of Injury to Employees/Contractors, Communicable Disease AP 0853UF) appears on both sides.

Note: The **DNCANY Communicable Disease Important Notice** (an explanatory notice, not a coverage-modifying form) is present on the current policy but not on the renewal. The operative Communicable Disease exclusion (AP 0853UF 04 23) remains on both sides, so coverage effect is unchanged.

7. Conditions

No material changes. Cancellation/Nonrenewal/Conditional Renewal (AP 5454 NY Amendatory), Other Insurance Amendment (AP 0851UF), Primary & Noncontributory (PNCAI), and Subrogation provisions are identical on both sides.

8. Endorsements and Forms

Forms Removed (present on current, absent from renewal)

Form Number & Edition	Current Policy	Renewal Policy	Change Type
CP 382 10 87 – NY Anti-Arson Amendment	Present	Not listed / not attached	Removed
DNCANY 12 23 – Important Notice: Communicable Disease Exclusion	Present	Not listed / not attached	Removed

- **CP 382** is a New York regulatory amendment governing the anti-arson application requirement on property fire/explosion coverage; its absence is a compliance/administrative item to confirm — it does not itself grant coverage.
- **DNCANY** is an explanatory notice only; its removal has no effect on the operative Communicable Disease exclusion, which remains in force via AP 0853UF on both sides.

Forms Added

None.

Forms Updated/Replaced (edition changes)

None — all shared forms carry identical form numbers and editions.

Forms Unchanged

28 forms appear on both sides with matching form numbers and editions (AP 100, SNEXNY, XCNTN, AP 0690, AP 0851UF, AP 0852UF, AP 5454, GL 890LA, UFR 1, XSP 1, AP 0710, PRIV, AP 0230UF, AP 0231NY, AP 0233UF, AP 0365UF, AP 0643, AP 0611, TLBX, GL 242, PNCAI, SROCN, AP 0660, AP 0661, AP 0659, GL 212, BAI 1, AP 0853UF).

9. Definitions

No material changes. Definitions in AP-100 and AP 5454 (including the amended "bodily injury" and "pollutant" definitions) are identical on both sides.

10. Schedules and Ratings

Single scheduled location on both sides: 42 Sandhill Creek Rd, Cortland, NY 13045 — Building #1, Joisted Masonry, Replacement Cost valuation, Cause of Loss AP-100, \$250 property deductible. Reconciled count 1 location / 1 building, unchanged. No experience or schedule modifiers stated on either side.

11. Line-Specific Elements

Element	Current Policy	Renewal Policy	Change Assessment
Property Valuation Method	Replacement Cost	Replacement Cost	No Change
GL Coverage Trigger	Occurrence	Occurrence	No Change
Tools & Equipment Valuation	ACV	ACV	No Change
Additional Insured (BAI-1 Blanket)	Present – blanket per written contract; excess unless contract requires primary	Present – identical wording	No Change
Primary & Noncontributory (PNCAI)	Present	Present	No Change

12. Critical Changes

- No premium, limit, or deductible movement.** This renewal is a flat carryover — total premium holds at \$1,879.00 with all limits and deductibles unchanged (see Sections 3–4). Action: confirm this reflects the carrier's intent and that no exposure re-rating (payroll/receipts) was expected.

2. **CP 382 (NY Anti-Arson Amendment) not on renewal (see Section 8).** This is a NY regulatory form tied to the anti-arson application requirement for property fire/explosion coverage. Action: confirm with Utica First whether the anti-arson application obligation still applies and why the form was dropped, to avoid any policy-termination trigger under the renewal-policy anti-arson provisions.
3. **DNCANY Communicable Disease notice not on renewal (see Section 6/8).** This is an informational notice only; the binding AP 0853UF Communicable Disease exclusion remains on both sides, so there is no coverage change. No action required beyond noting the exclusion remains fully in force.
4. **Additional Insured status.** Both policies carry the BAI-1 Blanket Additional Insured endorsement (blanket, per written contract, with architect/engineer/surveyor professional-services carve-out and property-damage-to-your-work exclusion) plus the PNCAI Primary & Noncontributory endorsement — scope and wording identical (see Section 11). No change to AI obligations.

13. Equipment and Schedule Change Analysis

No equipment, vehicle, or property schedule changes. The Contractors' Equipment blanket (\$10,000) and Contractors' Tools schedule (\$5,000) are identical on both sides, with no additions, deletions, or valuation changes. No stacked or layered schedule endorsements were found.
